

ISLAND UNION ELEMENTARY DISTRICT WIDE CHARTER SCHOOL DISTRICT

VISION STATEMENT 2014-2015

The Island Union Elementary School District is dedicated to providing a positive learning environment and a quality educational program that will develop the inherent capabilities of all students, help prepare them to be successful in high school, and be good citizens.

Goal Statements

1. The District will create a safe and positive school climate, recognize individual differences, and encourage each student to reach his/her full potential.
2. The District will provide strong instructional programs which are revised in a timely manner to ensure continued student achievement based on the changing needs of students.
3. The District will develop and maintain strong school, parent, community, business, and interagency partnerships.

Objectives
2014-2015

1. The District will create a safe and positive school climate, recognize individual differences, and encourage each student to reach his/her potential.
 - The trustees will continue the programs of recognition for students, staff, parent volunteers, and community partners.
 - The District will continue to support a Character Counts curriculum and academic success programs.
 - The Trustees will continue to promote a small school culture by limiting the size and number of classes.

2. The District will provide strong instructional programs which are revised in a timely manner to ensure continued student achievement based on the changing needs of students.
 - The District continues to provide state approved Standard based textbooks. All students will receive instruction based on Common Core grade level standards.
 - The school will continue to provide instruction in explicit phonics as part of a balanced reading program in grades K-2.
 - The District will implement a/the Response to Intervention model.
 - The District will participate with the Lemoore High School, Lemoore Elementary, and Central Union Elementary School Districts to articulate the reading, writing, and math curriculum.
 - The District will continue to support Island's core program of English-language arts, math, science, social science, art, music, and technology.
 - In order to enhance what and how they teach, the District teachers will be encouraged to further their education and experience by being given the opportunity for professional development, such as observing programs and teachers at other schools, and attending conferences and workshops.
 - The support staff will be given the opportunity to improve their skills and be recognized for the significant contribution they make to Island.

3. The District will develop strong school, parent, community, business, and interagency partnerships.
 - The District values and respects the opinions of the parents and members of the Island community and will continue to welcome them on our campus.
 - The District will continue to support community organizations (Boosters Club, 4-H Club, and Chamber of Commerce).
 - The District will continue partnership with NAS Lemoore personnel
 - The District will support the Island Community Foundation.
 - The District will continue to support community service opportunities for Lemoore High School students.
